Tenure-Track Assistant Professor Position in Inorganic Chemistry.

The Department of Chemistry at the University of Iowa solicits applications to fill a tenure-track Assistant Professor position in Inorganic Chemistry, effective August 2014. Applications are encouraged in inorganic chemistry broadly defined, including programs focused on bioinorganic chemistry, catalysis, photochemistry, radiochemistry, small-molecule activation, solar energy conversion, and solid-state and nanomaterials that complement the research interests of the current faculty. Candidates with advanced Assistant Professor level experience are also encouraged to apply. The successful candidate must add to the teaching mission of the Department through excellent teaching skills and a willingness to teach at all levels of coursework (small and large enrollment, laboratory, and graduate courses).

The Chemistry Department has appointed twelve new faculty members over the past eight years and recently completed a major building expansion and renovation that provide state-of-the-art facilities for teaching and research. A competitive salary and start-up package will be provided. Together with the College of Liberal Arts and Sciences, the Department is strongly committed to gender and ethnic diversity, as reflected in the strategic plans of the University, College, and Department. Women and minorities are encouraged to apply. The University of Iowa is an equal opportunity /affirmative action employer.

Applicants should clearly demonstrate potential to develop and lead a nationally-prominent, externally-funded research program and commitment to excellence in teaching chemistry at the graduate and undergraduate levels. Candidates must have a doctoral degree in chemistry or a closely related field, postdoctoral experience, and a promising record of scholarship and productivity.

Applications should be submitted at [http://jobs.uiowa.edu/](http://jobs.uiowa.edu/). Application materials must include a cover letter, CV, academic transcripts, statement of teaching interests, and detailed proposals that demonstrate the planned research program. Please arrange for three letters of recommendation to be sent directly to chem-facsearch@uiowa.edu. Refer to requisition number 63256. Application review will begin by October 15 and will continue until the position is filled.
