Faculty Positions
Chemistry & Chemical Biology
Cornell University
Ithaca, New York

The Department of Chemistry and Chemical Biology is searching for tenure-track faculty members at the Assistant Professor level. Outstanding candidates with research interests in analytical, biological, inorganic, materials, organic, physical, and theoretical chemistry are encouraged to apply. A Ph.D. degree is required, and postdoctoral experience is preferred.

Application materials should be submitted electronically to Academic Jobs Online at https://academicjobsonline.org/ajo/jobs/2864. Applicants should submit a curriculum vitae, graduate transcript and separate statements of research experience, proposed research and teaching interests and have at least three letters of recommendation submitted. The cover letter should clearly specify which one of the seven sub-disciplines listed above best describes the applicant's proposed research program along with one area of secondary interest. The deadline for submitting applications is October 15, 2013. Please direct questions to: chemfacsearch@cornell.edu. Cornell University is an Affirmative Action/Equal Opportunity Employer and Educator. Women and Minorities are encouraged to apply.
