The UCLA Department of Chemistry and Biochemistry (www.chemistry.ucla.edu) is seeking outstanding candidates for a tenure track faculty position in Inorganic Chemistry. The position may be filled at the Assistant, Associate, or Full Professor level. We invite candidates in any area of inorganic chemistry including bioinorganic, nanoscience, organometallic and solid state to apply. The successful applicant will be expected to develop a strong and creative research program and contribute to teaching in inorganic chemistry at the undergraduate and graduate levels.

All applications must be uploaded through UCLA Academic Recruit at https://recruit.apo.ucla.edu/apply/JPF00046.

Candidates should provide a cover letter, a curriculum vitae, a list of publications, a summary of research accomplishments (1-2 pages), and (junior candidates only) future research plans (3 pages max.). In addition, candidates should arrange for 3 letters of reference to be uploaded to UCLA Academic Recruit.

To assure consideration, all application materials and letters should be received by November 1, 2013.

The University of California Los Angeles and the Department of Chemistry and Biochemistry are interested in candidates who are committed to the highest standards of scholarship and professional activities, and to the development of a campus climate that supports equality and diversity. The University of California is an affirmative action/equal opportunity employer. The UCLA campus has policies that address dual academic and non-academic career issues.
