FACULTY POSITION IN BIOCHEMISTRY

The Department of Chemistry at Purdue University, West Lafayette, invites applications for a tenure-track faculty position at the Assistant Professor level in Biochemistry or related areas. Candidates that complement existing program strengths in cancer biology, membrane proteins, drug discovery and macromolecular structure/function, with an emphasis on disease-relevant research questions, are especially encouraged to apply. Purdue has an outstanding tradition in biochemistry and the department is looking to integrate a creative scientist into the cutting edge interdisciplinary environment provided by Purdue University.

Candidates must have a PhD in Biochemistry or a related field with outstanding credentials in biomedical research, an excellent track record of publications and a strong commitment to excellence in teaching. Successful candidates are expected to develop a vibrant research program supported by extramural funding and teach courses at the undergraduate and/or graduate level.

Applicants should submit a letter of application with curriculum vita, a summary of planned research and a statement on teaching philosophy to: Chair, Biochemistry Faculty Search Committee, Purdue University, Department of Chemistry, 560 Oval Drive, West Lafayette, IN 47907–2084. Applicants should also arrange for three letters of recommendation to be sent to the same address. Applications will be reviewed beginning November 1, 2013, and will remain in consideration until the position is filled. See http://www.chem.purdue.edu/ for further details.

A background check will be required for employment in this position. Purdue University is an ADVANCE institution.

Purdue University is an Equal Access/Equal Opportunity/Affirmative Action Employer fully committed to achieving a diverse work force. Women and individuals in underrepresented groups are encouraged to apply.

FACULTY POSITION IN ORGANIC MATERIALS

The Department of Chemistry at Purdue University, West Lafayette, invites applications for a tenure-track faculty position at the Assistant Professor level in Organic Materials. Candidates in all areas of Organic Materials research, including research related to energy and catalysis, are encouraged to apply. Purdue has an outstanding tradition in Organic Chemistry and the department is looking to integrate a creative scientist into the cutting edge interdisciplinary environment provided by Purdue University. Candidates must have a PhD in Organic Chemistry or a related field with outstanding credentials in research, an excellent track record of publications and a strong commitment to excellence in teaching. Successful candidates are expected to develop a vibrant research program supported by extramural funding and teach courses at the undergraduate and/or graduate level.

Applicants should submit a letter of application with curriculum vita, a summary of planned research and a statement on teaching philosophy electronically.

Faculty Position in Experimental Physical Chemistry(Apply on line)

The Department of Chemistry at Purdue University, West Lafayette, invites applications for a tenure-track faculty position at the Assistant or Associate Professor level in Experimental Physical Chemistry or related areas. Purdue has an outstanding tradition in physical chemistry and the department is looking to integrate a creative scientist into the cutting edge interdisciplinary environment provided by Purdue University.

Candidates must have a PhD in Chemistry, Physics, or a related field with outstanding credentials in experimental physical chemistry, an excellent track record of publications, and a strong commitment to excellence in teaching. Successful candidates are expected to develop a vibrant research program supported by extramural funding and teach courses at the undergraduate and/or graduate level.

Applicants should submit a letter of application with curriculum vita, a summary of planned research and a statement on teaching philosophy electronically at: www.chem.purdue.edu/facultyopenings. Applicants may also apply by sending application to: Chair, Physical Chemistry Faculty Search Committee, Purdue University, Department of Chemistry, 560 Oval Drive, West Lafayette, IN 47907–2084. Applicants should also arrange for three letters of recommendation to be uploaded or sent to the same address. Applications will be reviewed beginning November 1, 2013, and will remain in consideration until the position is filled. See http://www.chem.purdue.edu/ for further details.

A background check will be required for employment in this position. Purdue University is an ADVANCE institution.

Purdue University is an Equal Access/Equal Opportunity/Affirmative Action Employer fully committed to achieving a diverse work force.

ENDOWED CHAIR IN DRUG DISCOVERY

The Department of Chemistry and Department of Medicinal Chemistry and Molecular Pharmacology at Purdue University are pleased to announce the availability of an endowed Chair faculty position in drug discovery and development. We seek an exceptional scientist with an outstanding track record of creativity in any area related to the science of drug discovery. Candidates seeking to advance their own discoveries through early stages of clinical trials are particularly encouraged to apply. Purdue University offers a thriving interdisciplinary research and education environment, including unique capabilities within Discovery Park, with excellent faculty and exceptional support services associated with drug discovery and preclinical testing. More details about the departments involved in this search at Purdue can be found at: www.chem.purdue.edu or www.mcmp.purdue.edu. Applicants should send
curriculum vita, a summary of planned research and the names of three references to: Department Head, Department of Chemistry, Purdue University, 560 Oval Drive, West Lafayette, IN 47907–2084. Review of applicants will begin in October 2009 and continue until the position is filled.

Purdue University is an Equal Opportunity/Equal Access/Affirmative Action employer fully committed to achieving a diverse work force.

Purdue University is an Equal Opportunity/Equal Access/Affirmative Action employer fully committed to achieving a diverse work force. Women and minority applicants are encouraged to apply.
