University of Pennsylvania
Tenure Track Appointment in Energy Research

The School of Arts and Sciences at the University of Pennsylvania in Philadelphia, PA invites applications for a tenure-track assistant professorship in the chemical sciences. This appointment will be the first in a cluster of three hires across the natural sciences focused on energy science. The successful candidate will mount an innovative program of fundamental scientific research geared toward solving societal energy challenges. The successful candidate will also forge collaborative links with Penn scientists and engineers involved in energy research and participate actively in the future recruitments as the cluster hire initiative progresses. It is anticipated that some of the candidate's teaching will be of broad interest to students beyond chemistry in another of the natural sciences (Biology, Physics, and/or Earth and Environmental Science). The University of Pennsylvania is an Affirmative Action/Equal Opportunity Employer and is strongly committed to establishing a diverse faculty:

Applicants must apply online at http://facultysearches.provost.upenn.edu/postings/28. Required application materials include: curriculum vitae including a list of publications, and a description of proposed research. Applicants should also submit the names and contact information of three individuals who will provide letters of recommendation. Review of applications will begin on October 14, 2013 and will continue until the position is filled.
