The Department of Chemistry at The University of Tennessee, Knoxville (UTK) invites applications for a tenure track assistant professor position in the area of Computational Chemistry, broadly defined. This position has minimum required qualifications of a Ph.D. degree in chemistry or related fields with one or more years of post-doctoral experience preferred. Candidates with interest in developing and applying modern computational methods to research issues in modern materials, biomaterials, catalysis, and/or energy are especially encouraged to apply. As a tenure-track assistant professor, his or her duties/responsibilities will be to develop an internationally recognized research program, as well as to be fully engaged in the teaching and service missions of the University. The appointment is expected to begin August 2014. The successful candidate will have unique opportunities associated with the Joint Institutes established between UTK and the nearby Oak Ridge National Laboratory (ORNL), particularly the Joint Institute for Computational Sciences. Further information on UTK and joint UTK-ORNL programs can be found at the University (www.utk.edu) and ORNL (www.ornl.gov) web sites. Interested applicants should visit http://www.chem.utk.edu/positions for detailed application instructions. Review of applications will begin on October 18, 2013 and continue until the position is filled.

The Knoxville campus of the University of Tennessee is seeking candidates who have the ability to contribute in meaningful ways to the diversity and intercultural goals of the University.
